CONCEPT

DESIGN THAT EMPOWERS WOMEN.

To make beautiful, sincere and genuine products which empower women and give them joy in dressing and living for themselves.

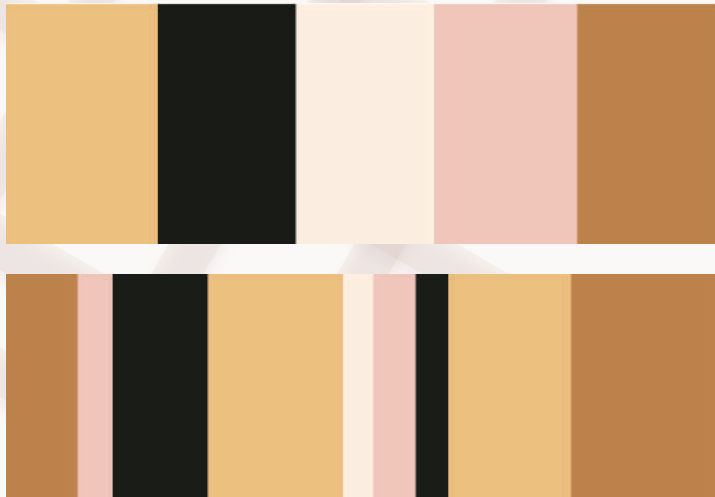

POWERFUL WOMEN

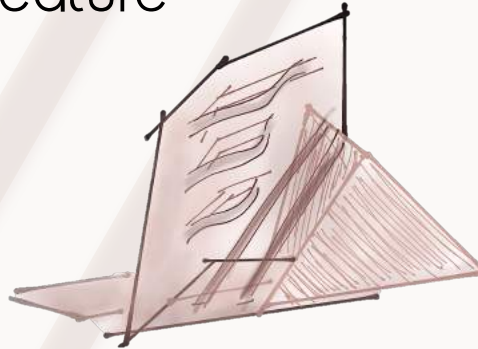

SOFT AND SHARP FABRIC

MOOD IMAGES

Different **textures** show the connection between **linear elements** in contrast to the soft curves of the fabric.

Stripes and patterns are always combined with solid colors in order to emphasize it and make it the main feature of the look.

SPATIAL MODEL

The **SPATIAL MODEL** is a reflection of **CELINE**'s mood and essence. It combines all the essential characteristics of the brand in one **sculptural** and **architectural** form.

The chosen **color palette** was very **neutral** and with **analogous colors**. A mix of **textures** and **materials** give form and meaning to the model creating something interesting and intrigues people to appreciate it.

The use of **curves in contrast to the sharp linear forms** are also another big characteristic of the brand.

FEMININE SOFT PINK WITH
HINTS OF MINIMAL

A 3D architectural rendering of a modern lobby interior. The space features a large, angular, light-colored marble reception desk in the foreground. The background wall is made of dark, textured stone and prominently displays the word "CELINE" in large, bold, black capital letters. To the left, three white spherical pendant lights hang from thin copper-colored cords. The ceiling is composed of a complex geometric pattern of wooden panels. On the right, a large, stylized sculpture of a woman's torso in a vibrant orange color is mounted on a pink wall. Below the sculpture, there is a seating area with a light pink sofa, two matching armchairs, and a small round coffee table. A black silhouette of a person stands in the center of the room, facing the sculpture. The floor is made of large, light-colored marble tiles. In the background, a glass-enclosed area and a red carpeted hallway are visible.
